

SGS to Exhibit at 2009 Society of American Military Engineers - Joint Engineer Training Conference & Expo (JETC)

Siemens Government Services, Inc. (SGS) in conjunction with several Siemens Operating Companies including Siemens Building Technologies, Siemens Energy Automation, and Siemens Airfield Solutions, will jointly exhibit at the Society of American Military Engineers (SAME) conference.

This annual conference is being held in Salt Lake City, Utah, May 12 – 15, 2009. The event provides attendees insight from federal agency personnel and private industry experts on issues affecting Architect/Engineer/Contractors such as Contingency Operations, Installation Management, Design and Construction, Water Resources, Environmental Solutions, and Professional Development.

If you are planning to attend this event, please stop by and visit SGS at booth #1137.
