

SGS to Exhibit at 2010 Society of American Military Engineers - Joint Engineer Training Conference & Expo (JETC)

Siemens Government Services Inc. (SGS), in conjunction with other Siemens Operating Companies, will be exhibiting at the annual Society of American Military Engineers (SAME) – Joint Engineer Training Conference & Expo (JETC).

This year's conference will be held in Atlanta, Georgia, May 4 – 7, 2010. The event provides insight from federal agency personnel and private industry experts on issues affecting Architect Engineer Contractors (A/E/C), such as Contingency Operations, Installation Management, Design and Construction, Water Resources, Environment, and Professional Development. The JETC connects architects, engineers, and builders so as to prepare for – and overcome – natural and manmade disasters and acts of terrorism, all while improving security at home and abroad.

Please stop by and visit the Siemens booth!
