

Siemens/SGS to Exhibit at the International Security Conference & Expo

Siemens, partnering with Geutebrück Security, Inc., will exhibit at this year's International Security Conference & Expo – also known as ISC West, held April 5-8, 2011 in Las Vegas, Nevada. ISC West is the largest physical security event in the U.S., covering Access Control, Alarms & Monitoring, Biometrics, IP Security, Video Surveillance / CCTV, and more. This event features the newest security products and technology, provides the opportunity to network with security professionals, and enables attendees to gain valuable security training and knowledge.

Don't miss this opportunity to meet with the industry's top technical security experts.

Be part of the action and stop by the Siemens/Geutebrück booth #23101.
